AUTHORIZED REPRESENTATIVE FOR THE FOLLOWING MANUFACTURERS:

WORLDWIDE AIR COOLERS

- Air-cooled heat exchangers for gas processing, refineries and other heavy industries
- Replacement parts for air coolers
- Replacement bundles
- Reciprocating engine cooling

ENALCO

- Waste heat recovery boilers to produce hot water from reciprocating engine exhaust
- Exhaust bypass valves

THOMSON POWER SYSTEMS

- Generator system paralleling controls and switchgear
- Generator docking stations
- Automatic and manual transfer switches
- Generator controls
- Distribution switchgear

DRC Heat Transfer

- Engine radiators, standard and custom, for mobile and stationary applications
- Complete remote radiators and charge air cooler systems
- Charge air coolers
- Oil and fuel coolers
- Cooling system piping and accessories

JTS

- Subbase fuel tanks
- Switchgear Enclosures
- Generator enclosures and packaging

SOUTHERN HEAT EXCHANGERS

- Shell and tube heat exchangers for chemical, refinery and oil and gas process applications
- Replacement bundles for all manufacturers
- Kettle Reboilers

AeriNOx/DCL

- Selective Catalytic Reduction, Oxidation and 3 way catalysts for reciprocating engines
- Waste heat recovery equipment for steam and hot water for engine-driven machinery

ELECTRATHERM

- Organic Rankine Cycle (ORC) power systems utilizing waste heat

SUTTON STROMART

- Heavy-duty radiators for engine cooling
- Air-cooled heat exchangers for process cooling

FIRWIN

- Insulation blankets & permanent insulation solutions for engines, exhaust, & industrial applications

Universal Load Banks

- AC load banks to 4 MW, DC Load Banks
- Permanent mount or portable
- Resistive or reactive
- Load bank accessories
