AUTHORIZED REPRESENTATIVE FOR THE FOLLOWING MANUFACTURERS:

THOMSON POWER SYSTEMS

- Generator system paralleling controls and switchgear
- Automatic transfer switches
- Generator temporary connection panels
- NEC 700.3f compliant docking station

AeriNOx

- Selective Catalytic Reduction for reciprocating engines
- Packaged/skidded SCR systems
- Integrated SCR and exhaust heat recovery systems
- Project management and support

DRC HEAT TRANSFER

- Radiators for mobile and stationary applications
- Cooling system piping and accessories
- Remote radiators
- Engine heat exchanger packages

SUTTON STROMART

- Heavy-duty radiators, vertical and horizontal in flexible configurations
- Intake cooling

ENALCO

- Waste heat recovery boilers for hot water

ELECTRATHERM

- Organic Rankine Cycle (ORC) power systems utilizing waste heat

WORLDWIDE AIR COOLERS

- Air-cooled heat exchangers for gas processing, refineries and other heavy industries
- Reciprocating engine cooling
- Replacement bundles

DCL

- Oxidation and 3 way catalysts for reciprocating engines
- Diesel particulate filters
- Waste heat recovery equipment for steam and hot water for engine-driven machinery

Universal Load Banks

- AC Load Banks to 5 MW
- Resistive or Reactive
- DC Load Banks
- Specialty Load Banks
- Permanent mount or portable
- Trailer mounted

FIRWIN

- Insulation blankets & permanent insulation solutions for engines, exhaust, & industrial applications

FUEL TECHNOLOGIES INTERNATIONAL

- Automated maintenance systems for stored diesel fuel
- Diesel fuel stabilizers and biocides
